Career Objective

Motivated third-year Computer Science Engineering student aspiring to become a Web Developer. Interested in creating responsive and user-friendly websites using HTML, CSS and JavaScript. Eager to learn new technologies, gain practical experience and contribute to real-world projects.

Education

- **B.E. / B.Tech in Computer Science Engineering**
  Sanjeevan Group of Institutions, Panhala
  (Currently in Third Year)
- **HSC (12th)**
  Completed – 2024
- **SSC (10th)**
  Completed – 2022

Projects

ExamShield — AI-Powered Exam Integrity & Leak Detection Platform

(SIH Project Concept)

- Proposed an AI-powered platform to identify potential exam-integrity risks and suspicious activity patterns.
- Focused on analysing connections among candidates, exam centres, devices, IP addresses and answer patterns.
- Planned features include a monitoring dashboard, alerts and anonymous reporting.

Personal Portfolio Website

- Designed and developed a personal portfolio website using HTML, CSS and JavaScript.
- Showcased personal details, skills and projects in a clean, responsive and user-friendly layout.

Additional

- Open to learning new technologies and contributing to real-world projects.
- Currently focused on improving front-end skills and building more projects.
